June 15, 2009 to July 24, 2009

Some Facts About Our Camp

What makes learning a language at AIS different than other language study?

Our approach gives students everyday opportunities to practice French and Spanish.

Our thematic summer program builds a child's confidence and excitement about language learning. We bring local French and Hispanic culture to life through games, songs, arts crafts, and theatre!

Why do your children's Spanish and French language skills increase at such a rapid rate?

**Can't relocate to Europe?
Sending your child to AIS is the next best thing!**

Studies show that earlier is better for second language acquisition. At our school, foreign languages are not just one subject in a routine day of learning – they are integrated directly into the curriculum.

Why choose our Summer Language Immersion Camp?

Simply put, we teach your child how to learn, retain and apply his/her language skills in real life.

- Our school is the only one in the region fully endorsed by the French government.
- Our teachers are all fluent, native French- and Spanish- speakers.
- Children learn in a dynamic environment with hands-on instruction and personalized attention.
- Summer camp is an excellent foundation for our academic-year program.
