

Community Update - Week of May 13

Maternelle Expansion Welcomes a new Campus Director!

With the expansion of our Maternelle Campus comes a strengthening of our leadership team. We are delighted to announce the arrival of **Mr. Cyril** this August as our new **Maternelle Campus Director** at AIS.

In addition to overseeing the daily operations of the new campus, Mr. Cyril will also be teaching in the **Moyenne Section**, fully immersing himself in the AIS culture and supporting his colleagues through this exciting new chapter of growth.

Mr. Cyril is currently serving as **Headmaster at La Petite École** in Ho Chi Minh City, and has already begun collaborating with Mr. Cédric and our Maternelle team to prepare for the upcoming school year — despite the time zone difference!

Among his many international experiences, he has also taught in **Early Childhood at the French American School of Puget Sound (FASPS) in Seattle**, further deepening his understanding of bilingual education in diverse contexts.

We can't wait to officially welcome him to the AIS community in just a few months!
