Here are some recommended books from CE1–CE2 and helpful links for the summer:

### English Recommended Reading:

Summer reading can be a wonderful way for students to continue developing their reading skills and to foster a lifelong love of reading.

I am a firm believer that children should have the freedom to choose books that interest them. Allowing them to select their own reading material can make the experience more enjoyable and meaningful. Whether it's fiction, non-fiction, graphic novels, or magazines, the key is that they are reading something they love.

These are purely optional and meant to offer ideas that might spark interest. The most important thing is that your child is engaged and enthusiastic about their reading choices.
